-FILTER -

We change our filter coffees regularly, so please ask for our current selection.

Batch brew (180ml) <i>Simple, quick, delicious drip coffee</i>	£2.00
Kalita pourover (230ml) <i>Single cup pour-over, similar to a V60. The kalita's flat bottom design eliminates water channelling in the coffee bed for a more even extraction to produce a crisp, clean brew.</i>	£3.50
Clever Drip (400ml) <i>A two cup brew (no need to share) that combines the wonderful flavours of full immersion and drip brewers. Expect a full bodied coffee but with plenty of flavour clarity.</i>	£4.50

We aim to source some of the best single origin coffees from a rotation of roasters around the UK and Europe to showcase the variety of flavours coffee has to offer.

All coffees are made with a double shot. If you would like a single shot or decaf please ask.

Dairy-free milk available on request.
